Was Charged With "Receiving" Stolen Autos and Disposing of Same

SALEM, Feb. 9.—A verdict of not guilty was returned by a jury against Benjamin B. Ray, former city councillor of Lynn, charged with "receiving" stolen automobiles at his garage in Lynn and disposing of the same, at the superior criminal court this morning.

The jury went out at 3:55 p. m. yesterday, reached an agreement at 8:30 p. m. and returned a sealed verdict this forenoon at 10:15.

The indictment charged that he "received" 19 automobiles, stolen for the most part in Boston. The case has been on trial a week.

## HAVE LIVED IN OPEN FOR 5 YEARS

WYTHEVILLE, Pa., Feb. 9.—Because they found rents too high and keeping house too bothersome, Harvey Coley, aged 50 and his brother, Dale, aged 45, have lived in the open for five years on "lick mountain," near here. While they were known to have had a residence on the mountain it did not generally become known until today that their home consisted of a hole in the ground five feet in diameter and 10 inches in depth.

Unidentified Steamer in Mid-Atlantic Sends Out Appeal for Help

BOSTON, Feb. 9.—An urgent distress call from an unidentified steamer in mid-Atlantic was forwarded here today by the freighter West Imboden, bound from Rotterdam for Galveston. The calls were heard between 5:10 and 6:10 last evening, and were signed with the signal letters "L. Q. V." which do not appear in the shipping books.

The West Imboden, which was only 63 miles away from the position given, immediately went in search of the disabled vessel, but could find no trace of her. On account of a low fuel supply the West Imboden proceeded after a few hours.

## TROOPS CALLED AT ALBANY, N. Y.

Head of Traction Company Complains Police Protection Inadequate

Action Follows Rioting Which Broke Out When Attempts Were Made to Run Cars

ALBANY, N. Y., Feb. 9.—Mounted state police arrived here today as the result of rioting which began yesterday when attempts were made to operate trolley cars in Albany and Troy with strike breakers. Fifty state troopers rode into Albany early in the day and more were expected. They were summoned by Mayor Watt when the United Traction Co., complained that local police protection was inadequate.

Wires torn down by strike sympathizers were dangling in the streets in various sections of the city today and no attempt had been made to fix the breaks since repair crews were driven off by mobs yesterday.

In many instances boys had amused themselves by tying rocks and tin cans to cords and throwing them about the wires. In other places debris was dumped upon the tracks.

## BELIEVE BOSTON MAN COMMITTED SUICIDE

A man's coat found on the six arch bridge, which spans the Concord river, is believed to indicate the suicide of Michael E. McAlister, of Boston, who was last seen in the city on Feb. 7. The coat was found at 10:30 this morning, and contained a bank book of the Roxbury Trust company, with a record of \$1 being deposited, and a memorandum requesting that in case of accident Mrs. E. W. Eaton, No. 26 Stanton street, Boston, be notified. The body has not been recovered.

## CLAIMS HE WAS PAID TOO MUCH

City Solicitor Regan Returns Part of Salary to City Treasurer

Treasurer, Embarrassed By Unexpected Riches, Appeals to Auditor

Auditor Quotes Law and Advises Solicitor to Hasten Back for Money

City Solicitor William D. Regan claimed today that he had been paid as salary more money than he was lawfully entitled to as a city employee and that he had returned the excess to the city treasurer and he also asserted his opinion that the overpayment was an example of the "many mistakes made in the city auditor's office."

An investigation made by the city auditor, Mr. Regan's charge that he had been paid more money in his pay envelope than he could conscientiously consider himself entitled to led to the city treasurer's office. It developed that yesterday a letter was sent to the city treasurer by Mr. Regan reading as follows:

"I am informed, and after investigation, that I have been paid in 1920, as salary for the office of city solicitor, the sum of \$15,253 in excess of the amount established for this office by law.

"Herewith enclosed please find my check for such amount.

"In order to be fair to you, I desire to state that this error did not originate in your office."

An unusual situation

When Mr. Regan's letter was received an unprecedented situation was created in the treasurer's office. Many various have been the assaults aimed at extracting money from the city's strong box. It is not believed that the money of man goes back to the time when there has been any ambition shown to get back into the treasury money that had once been paid out. What to do with the unexpected windfall became a problem. It had been paid out in accordance with the orders of the city auditor, and therefore appeared to be no account to which it could be credited unless the example of Uncle Sam was followed and a "conscience fund" established.

In his perplexity the treasurer dictated the following letter to the city auditor:

Enclosed you will find copy of letter handed to me this day by City Solicitor William D. Regan.

"I am holding the check for the sum of \$15,253 awaiting your advice as city auditor on the matter."

When Mr. Hennessy was questioned regarding the treasurer's and solicitor's letters this morning he "said things calculated to 'make the work ring.'"

He said more and more of them and then settled down to giving out an authorized interview in which he said:

Mr. Hennessy's Interview

"The propriety of the city solicitor in returning money to the city does not surprise me. I am exceedingly glad that he did not find occasion to come to the city auditor's office in order to find out whether he received too much money or not, but he would make himself familiar with the law."

## RAID "REVENUE STAMP" PLANT

Five Arrested From Printing Shop Making Counterfeit Liquor Stamps

Evidence to Show Death Caused By Liquor Falsely Labeled

WASHINGTON, Feb. 9.—Arrest of five men in Philadelphia in a raid upon the printing shop of Henry Glanelli, who counterfeited internal revenue liquor stamps were being produced, was announced here today by Chief Moran of the secret service. Chief Moran said about 100,000 strip stamps, as well as liquor labels and plates, were seized. Glanelli, Carl Weiss and Harry Milman, were arrested as distributors of the stamps. Two printers also were taken into custody. Chief Moran said Weiss had 50,000 stamps ready for distribution. Recent raids by secret service agents, Chief Moran asserted, had disclosed liquor bearing internal revenue stamps and brand labels so cleverly counterfeited that the bottles could not be told from those regularly withdrawn from bond except upon the closest examination. An analysis of the liquor in some of these bottles, he declared, showed that the contents were adulterated sufficiently to kill. Evidence to be brought out in one big case in Detroit, he added, would show death caused by such liquor supposedly withdrawn from a government bonded warehouse.

## FINED FOR ILLEGALLY KEEPING LIQUOR

Thomas Paris, of Davidson street, drew a \$100 fine in the police court this morning on the time-honored charges of unlawfully keeping liquor with intent to sell the same. Officer P. B. Clark surprised the defendant with a five gallon can of moonshine in his possession together with three empty jugs and two empty five-gallon cans which gave off the aroma of spirits. The defendant was arrested these substances in a vacant tenement when Officer Clark descended upon his retreat.

Costas Bastos, for illegal sale of liquor to a police officer arrayed in an army uniform, was awarded a \$150 fine. He pleaded guilty, but appealed the penalty, and was held in \$300 bonds. Later he was secured. It was testified that Bastos is one of the offenders who have been supplying soldiers who come here from Camp Devens with liquor. Nineteen enlisted men were arrested recently on a single occasion, after some of them had purchased moonshine from local vendors and had created a disturbance in consequence.

The case of Charles Garabedian, of John street, charged with unlawfully keeping liquor, was continued to February 14, while that of Radoslaw Kapala, a minor, of Bridge street, charged with illegal sale of liquor, was put over to the same date. Bonds were fixed in each case at \$200.

The women were said by neighbors to have come to blows before the shot was fired.

## LOWELL'S DOLLAR DAY LIQUOR LARVENY CASE

Visit Stores Saturday and Gel More Than Your Money's Worth

One of the rooms at the chamber of commerce this morning resembled a small stationery shop. The various official price cards, window cards and display signs for use next Saturday by Lowell merchants in connection with Dollar Day were being given out to all the merchants who have become members of the chamber of commerce Dollar Day movement. Over sixty Lowell merchants have signed up with Secretary-Manager Wells of the chamber of commerce in the Dollar Day sale idea and they are preparing special price cards announcing their offerings to be revealed in Friday's issue of the local papers. The basis of all bargains to be offered by the merchants will be one dollar, and for that amount bargain hunters will be able to get the largest value ever for their money.

The merchants will have special offerings in every line of goods and all mark-downs will be on the basis of one dollar. The main idea of the Dollar Day, however, is to offer articles for one dollar which are worth much more than that amount.

The mercantile committee of the chamber which is in charge of the movement, has advertised Dollar Day in the papers of Nashua and Ayer and has sent out circulars to the surrounding towns. Shopping next Saturday is expected to eclipse that during the Christmas season. Plans for the day have been so elaborate that the committee in charge did not set the date for the sale until it made quite certain that the weather bureau predicted good weather.

All the stores that have joined the movement are known as "official Dollar Day stores." They will be named in the evening editions of tomorrow's papers. In regard to this the mercantile committee wished to announce that only those stores which have official Dollar Day signs in their windows are offering real Dollar Day bargains. This noon was the latest for Lowell merchants to sign up at the chamber of commerce office as "official Dollar Day stores."

Save your dollars and watch the papers Friday!

Goldstein and Harold Held in \$2500 Each—Andromedis Discharged

Moore Goldstein and William Hagood, charged with participating in the \$3200 larceny of liquors from the Victoria street residence of Joseph Cayouette, were today ordered held in \$2500 bonds for the superior court by Judge Enright in the police court. Jas. Andromedis, another defendant, was discharged with Jas. Manouren, who has testified for the state, was held in \$1000 bonds. Andrew Wilson, also charged with being implicated in the case, was discharged yesterday afternoon, and Gabriel Botelho was held in \$1500 bonds. Attorney Donahue opened this morning with an argument to show that Andromedis was not actually concerned with the carrying away of the liquor. Former Mayor O'Donnell, representing the state, contended that Andromedis was the scheme in motion. Judge Enright, however, decided that on the complaint as stated, being breaking and entering and larceny, this defendant could not be held, as he was not present and according to law therefore not a principal. As no charge of being an accessory has been lodged against him, he was freed.

Probable cause was then found in the case of Goldstein and Harold. The council for these defendants questioned the valuation of \$3200 placed by Cayouette on the stolen liquor. Attorney Tierney claimed that the legal price of whiskey is now \$5 a quart, and that no drug store is permitted to charge more. This rate would make \$1000 the nearer correct valuation. The state then agreed to bail of \$2500 for the two defendants.

## HARRISON OFFERS CONGRATULATIONS

Fred Harrison, election commissioner and candidate for another term, has sent a letter of congratulations to his successful opponent, Thomas H. Braden, who was elected to the position at a meeting of the municipal council yesterday. The letter reads as follows: "Alon me to congratulate you on your election. You made a decent fight for the job and landed it, therefore you have my best wishes for a successful term."

## Ponzi In Boston As Witness In Suit

BOSTON, Feb. 9.—Charles Ponzi, now a federal prisoner under sentence to the Plymouth jail, revisited the city of his exploded financial bubble today, as a witness in counter suits that were heard in the superior court. As dapper as of old, notwithstanding several months behind the bars, he appeared to oppose a suit by William H. McMasters for \$4064 for services as Ponzi's publicity agent, and to press his suit against McMasters for recovery of \$1400 that the promoter claims was not expended for advertising as he directed. The estate of Ponzi and the business by which he claimed to be making millions by juggling international postal reply coupons, have been declared insolvent and his receivers assisted in looking out for his interests today.

## Surprise Looters Hauling Off Piano

READING, Feb. 9.—Looters of the summer home of Miss Florence M. Cowan of Brookline, were surprised by policemen early today and with a piano and other articles in a motor truck were pursued by the officers in an automobile. The truck was abandoned and the police fired five shots after the fleeing men, bringing about the arrest of one of them, George E. Foley of Wilmington. Officers said that the attempted haul today was the last of the furnishings of the house, which had been entered several times previously.

## Three Boys On Trial for Murder

SKOWHEGAN, Me., Feb. 9.—James Purcell of New Bedford, John Brown of Boston and Homer Sparlock of Normal, Ky., were placed on trial in the supreme court today for the murder of Asa Entekin, the aged station agent for the Maine Central railroad, killed at Eubandon on Nov. 4. The jury of 12 men was selected without delay, the examination of 31 witnesses occupying only about an hour. County Attorney James H. Thorne of Madison, opened for the state and called 30 witnesses. The three boys, who are alleged to have clubbed Entekin over the head and robbed him of \$92, probably will be the only witnesses for the defense. The trial was expected to last several days.

## Explosion Wrecks Boston Plant

BOSTON, Feb. 9.—The explosion of a vulcanizing machine at the plant of the Standard Tire & Rubber Co. in the North End today, caused injuries to Herman Rhode, tore a hole through the roof, broke out windows and doors and caused excitement among thirty employees, most of whom were women. A fire call was sounded and the apparatus added to the confusion but there was no blaze. Rhode's injuries were found to be slight and although glass was scattered widely no other person was hurt.

## ADVENTURES OF THE TWINS

by Olive Roberts Barton.

"THE FISH AND THE EAGLE"

A HUGE EAGLE APPEARED, AND GRABBING A TWIN IN EACH GREAT CLAW, FLEW TOWARD THE LAND, SCREAMING WICKEDLY.

The Fairy Queen was right when she told the twins that the Hobdill Jinn would be after them harder than ever.

When the pelican, who was carrying them in his bill-pouch toward the shore from way out in the ocean, came quite close to land, he completely forgot the Queen's warning. He had told them to carry the children safely, and to keep his bill closed tight. Whether it was because his journey was so nearly over, or because the wicked Jinn began to get in his work again, I'm not sure, but a fish appeared on top of the water, directly below where the pelican was flying, and there was trouble at once.

The pelican was getting quite hungry and, as of course, he was not allowed to swallow Nancy and Nick, the night of that lovely, tender, delicious-

looking fish was more than human nature, or I mean pelican nature, could endure he forgot himself completely. Before the twins had the least idea of what had happened, they found themselves falling straight towards the waves.

But before they touched the water, a wonderful thing occurred. The fish disappeared, and a huge eagle appeared at the same instant in the air beside them. He grabbed a twin in each great claw and flew toward the land, tamping his great wings, and screaming wickedly.

But instead of dropping them in a safe place as the pelican had been told to do, the eagle continued flying toward the top of a high mountain. Up he flew, onward and upward, until the clouds were below him. The twins could no longer see the world beneath. (Copyright, 1921, N.E.A.)

### Y. W. C. A. TEAMS SPEED CAMPAIGN PLANS

Campaign plans, committees and teams are developing and being set in motion at top-most speed and efficiency at the Y. W. C. A., as the opening day of the campaign for funds, Wednesday, the 16th, draws nearer. In the campaign office itself, which is in charge of Miss Anna Bodley, business executive of the campaign, activity is at white heat as a corps of some 20 volunteer workers, with Miss Helen Burdick as chairman of the committee on lists, prepare the lists of those to whom teams of campaigners will next week offer the opportunity of contributing to the cause.

The committee on luncheons and dinners, with Mrs. William L. Robertson as chairman, has met to plan delectable menus designed to satisfy campaigners' appetites in one sense and at the same time what their appetites for further and ever livelier campaigning until the goal shall be reached or passed. This important committee consists of Mrs. John K. Whitler, vice chairman; Mrs. Herbert Trull, Mrs. George Holden, Mrs. William N. Burke, Mrs. Albert N. Morton and Miss Cora Buckland.

Mrs. L. A. Ayer's team of campaigners, Mrs. J. B. V. Coburn, lieutenant, met at the Association building on Monday, and yesterday at her home in Centralville Mrs. Samuel B. Black gathered together the members of the team of which she is lieutenant, the captain being Mrs. F. S. Munn. Also the team of which Mrs. David Desautel is captain and Mrs. J. B. Davenport lieutenant, and Miss Violet Black and her team. Enthusiasm ran high and after plans were delivered and rehearsed, tea was served.

These team meetings are all preliminary to the two big mass meetings of all teams which are scheduled for Friday of this week, one at 3 in the afternoon, including the women's team, and the other at 7 in the evening, assembling the teams of business and professional women, both meetings to be held in the Association building.

Gypsy Srenaders Drop in and Make Merry at Associate Hall

Wandering Gypsy serenaders, bright, witty and musical, stopped a while in Associate hall last night and presented the annual entertainment and dance under the auspices of the Y.M.C.I. glee club. The spirit of the gypsy seemed to pervade the evening's entertainment, for the varied program suggested the rambling stories and songs of a band of gypsies traveling from camp to camp.

The hall was crowded and by the success of the affair the glee club added another victory to its long list of successes in pre-entertainment and entertainments. General dancing followed the musical program until a late hour.

In planning the show the Y.M.C.I.

THOMAS J. COLBETTE Interlocutor

club sought new features so that it might differ somewhat from the ordinary minstrel show. Accordingly they hit upon the scheme of organizing a band of gypsies on the road and having them stop for a time at a temporary camp, the stage, to offer entertainment or amuse themselves.

A crowd of tourists happen to come across the gypsies and they stopped and in joining the entertainment provided the chorus and many solo numbers in the program. Thomas J. Colbette, guide for the tourists, narrated the role of interlocutor during the evening and easily demonstrated his ability to pilot something more than a political campaign. The stage director was Frank McCallin, the musical director, John McCallin, and the accompanist John Broderick. Miss Mae McCallin, who planned the stage setting, cleverly arranged it to resemble a gypsy camp. Music was by Broderick's orchestra while the military worn by some of the young ladies was loaned through the courtesy of Rose Jordan Hartford.

The officers of the dance were Thos. E. Clark, general manager; Edward D. Higgins, assistant general manager; Charles Kozes, stage director; Paul Cahill, assistant floor director; John Mahoney and Leo Hinde, chief aids; Thos. Carlin, chairman of committee; Richard O'Shea, secretary of committee; James Clancy, treasurer. The program was as follows: Overture, Broderick's Orchestra. Opening chorus, Melody of Popular Selections. Glee club.

Gypsy dance. Miss Muriel Rogers, Jos. Finnerty. End song, The Scandal of Little Lizzie Ford.

Solo, My Mother's Evening Prayer. Thomas Carlin.

End Song, What Are We Going to Do? Ed. Cawley.

Solo, Left All Alone Again Blues. Miss Isabelle Walsh.

End song, Palestine. Patrick McGuire, assisted by Miss Muriel Rogers.

Solo, Your Eyes Have Told Me So. Miss Florence McManus.

End song, Ha, Ha, Ha, Ha, Ha, Ha, Frank McCallin.

Solo, Little Girl's Good Bye. Joseph Heilly.

Finale, If They Don't Want the Irish in Ireland. Glee club.

Chorus sustained by Charles McGovern. Solo—Girls, Misses Anna Sharkey, Mary O'Shea, Catherine McGinn, Mildred and Gertrude Connor, Helen McKenney, Mary Duffy, Helen and Agnes Moylan, Margaret and Christina O'Shea, and Madeline Sullivan.

### NEBRASKA INDIANS MAKE DENIAL

LINCOLN, Neb., Feb. 9.—Nebraska Indians of the Winnebago and Omaha tribes, appearing before the legislative committee on medical societies, denied that the use of the peyote bean was harmful or that it was in the nature of a narcotic. The committee had under discussion the bill to regulate the use of the bean. The superintendent of the Winnebago reservation with a physician testified that the effect of the use of the bean was similar to that of whiskey and it might lead to insanity or death. The Indians, however, presented a different picture, declaring it had curative properties and had long been used by the tribesmen with beneficial effect.

### WESTFORD TOWN MEETING MONDAY

The warrant for the annual town meeting of Westford, which will be held next Monday, contains 16 articles, among the most important of which are the following:

Article 22.—To see if the town will appropriate \$250 to establish hydrant service at Brookside.

Article 24.—To see if the town will raise and appropriate \$2000 for a motor house.

Article 26.—To hear the report of the committee chosen at the last meeting and consider plans for purchasing supplies and the regulation of expenditures for the various departments.

Article 33.—To see if the town will vote to raise and appropriate or borrow money for construction of the Groton road with macadam or other road material under specifications approved by the division of highways.

Under Article 43, \$2500 is required for the Middlesex county bureau of agriculture.

The several departments exceeded their appropriations last year owing to the system of bookkeeping in use, and \$5000 was appropriated at the last meeting to cover the outstanding bills.

The system for towns known as the Gettely system of keeping accounts will probably be installed this year.

## TROOPS PREVENT SERIOUS RIOTS

300 Catholic Youths on  
Parade in Mexico City  
Subject of Attack

Marched in Protest Against  
Attempt to Kill Arch-  
bishop Mora

MEXICO CITY, Feb. 9.—Timely intervention by government troops probably prevented serious disorders in this city last night during a parade of 3000 Catholic youths. The parade was held as a protest against the attempt on the life of Archbishop Mora on Sunday night, when a bomb was exploded at his door.

After marching for several hours the

paraders turned toward the home of the archbishop but before he appeared to review them a great crowd of spectators became abusive. The situation became so threatening that soldiers were ordered to drive the crowds from the streets. They fixed bayonets and at their approach the crowd melted away. Later the marchers halted for a moment before the cathedral and donned their hats, but abusive terms and catcalls from the crowd greeted this show of reverence. The paraders resented this treatment and there were several personal combats.

The procession in which the young men walked 10 abreast with locked arms presented a weird spectacle as it wended its way through the densely packed and dimly illuminated streets. When the parade entered the narrow Avenida Francisco Madero, which leads to the national palace, detachments of firemen were rushed to the scene to clear the way and to eliminate, as far as possible, any danger of disorder. The banners carried by the young men proclaimed the allegiance of various Catholic societies to the archbishop and the church and deprecated the "atrocious acts of dynamiters."

## Women Interested In Living Conditions

That Is Why Their Keen Sense of  
What to Buy Makes Their  
Judgment Valuable

Show a woman of ordinary judgment an opportunity to meet the present high cost of living conditions in a way advantageous to herself and her family, and you will find that her judgment sometimes guides her, but not always. It is good, common sense, and nothing more.

It didn't take the women of Lowell and vicinity long to grasp the true meaning and worth of the wonderful bargains offered at the famous "20,000 Children's Sale" being conducted at the Merrimack Clothing Co. They quickly realized what it meant in dollars and cents and availed themselves of the rare opportunities that it presented in the way of meeting the high cost of clothing.

Manager Mahoney received instructions from the directors of the store to slash prices as he never slashed before and he carried out the instructions to the letter. Suits and coats that formerly sold at \$70, \$80 and \$90 are going at \$20, \$30 and \$45, while the bargains in waists, petticoats and other garments are similarly cut one-half. And the stock on hand is the regular Merrimack Clothing Co. merchandise. Some of these wear-time products or seconds specially bought up for this sale.

There are lots of good bargains still to be had for the stock was large and varied. Come in and look at the price slip and pay the saleswoman just one-half what it calls for. And don't forget the warning that prices for the spring are to be higher.

No charges, no money, no exchanges. All sales final.—Adv.

## FIGHT TO KEEP JAILS

Charged That "Zealous Re-  
formers" Are Trying to  
Take Them From County

As in the days when Paul Revre "spread the alarm to every Middlesex village and farm" to summon an indignant and oppressed citizenry to fight for the protection of their families and their freedom, the alarm cry has been sounded from the office of the county commissioners summoning a patriot constituency to rally to give battle against a "group of zealous reformers, most of whom reside in Boston" who would have the state take over the county's correctional institutions by legislative act. The toxin is sounded in a letter sent out from the office of the commissioners and signed by all of them. It is printed on super-calendered paper and some of the farmers, "embattled" by the tax collectors, are asking who is paying for its printing and widespread distribution.

"The plan proposed," says the document, "is to take our jails and houses of correction which are the taxpayers of the county, have paid for and centralized their control under the commissioner of correction of the commonwealth. The figures they have presented are one sided and unfair to the taxpayers of the county and many of the real issues involved are obscured or entirely avoided."

"Their main plea at this time is in the interest of economy" and "efficiency," two magic words, that sound alluring to the casual hearer. About the only figures thus far presented to bolster up their argument are those showing the relative per capita cost of state and county institutions for the year ending September 30, 1920. This particular period was chosen for obvious reasons. It represents a period of low population in county institutions, a period of transition, when a number of county institutions were in process of closing, and a period when all supplies, coal, clothing, etc., were abnormally high. In presenting these figures, they neglect to mention that the taxpayers as to certain facts that are vitally important if the question is to be settled in an impartial and fair manner upon merit alone.

"County houses of correction and jails, from their very nature, are so totally different from the state institutions that fair comparison can be made on a per capita basis. In county institutions, a large number of the inmates are transient and temporary, while in the state institutions the inmates are sentenced for stated terms, many running from two and one-half years to life sentences. These men in the state institutions can immediately be put to work in productive industries, the income from such industries serving to largely reduce the per capita cost of the institution. This, from the nature of the institutions, is not true in the counties."

"The figures presented by the sponsors of state control, showing per capita costs in counties, are not accurate, owing to the system of bookkeeping which is prescribed by the state authorities, and figures furnished on such a basis would be set aside as of no value by any up-to-date business man."

"In 1910 the state appropriated for administration and support of its various penal institutions, including the state farm, \$565,500. In 1920 the state appropriated for the same purposes (including supplementary budget) \$1,404,320 or an increase of \$838,820 in ten years."

"The appropriation in 1910 for administration under the board of prison commissioners was \$35,200."

"In 1920 the appropriation for administration under the more modern, up-to-date commissioner of correction was \$109,538, a modest little increase of \$74,338."

"Compare the above figures with the following from our own county of Middlesex:

"Appropriation for support of prisoners in 1910, \$158,000.

"Appropriation for same purpose in 1920, \$150,000, or \$8000 less."

"The county commissioners have asked for an appropriation for 1921 of \$135,000 or \$15,000 less than last year."

"During the past year the county commissioners have officially closed the Lowell jail, saving the taxpayers more than \$30,000."

"Since 1909 the state tax has increased \$33 1-3 per cent, while the Middlesex county tax has increased but 11 1/2 per cent."

"The Middlesex county jail and house of correction belongs to Middlesex county, was paid for by the taxpayers of the county, and is run by your representatives elected by you."

"Do the people of Middlesex county want their institutions controlled at the state house by an appointive officer who is not directly responsible to them?"

**RIFLE PRACTICE FOR  
H. S. REGIMENT**

Rifle practice for all members of the Lowell High School regiment is going along in great style. It is predicted that the county, faculty director of military training and drill at the high school, that the majority of the members of the regiment will be crack shots at the end of the school year. If crack shots are not developed, however, Mr. Conway and the military instructor are certain that the boys will be thoroughly drilled in the matter of handling and caring for a rifle, which, after all, is the main purpose of the rifle practice.

Mr. Conway has just completed a schedule for rifle practice showing the afternoon of the week each boy in the regiment must report for rifle practice. If the boys fail to report for practice they are marked against them and go down as part of their school record. According to present arrangements, the boys in the regiment are appointed to practice under the supervision of the military instructor.

Three 22-calibre single shot, Stevens automatic ejecting rifles are used. These rifles are fashioned somewhat after the army rifle and the military instructor believes that by the students learning to handle these they will be fully capable to handle any army model.

In the squad practice two men are

allowed to shoot at the target at the same time and the other boys in the squad are given their turn in rotation. The military instructor keeps an accurate record of the shooting of the boys, which will be totaled at the end of the school year when the boys will be given a final rank. It is probable that the shooters will be awarded ranks and badges according to the requirements of marksmen, sharpshooters and expert rifleman.

Besides actual practice in shooting the boys are schooled in the use and signals of the various kinds of rifle. The rifles used are those which were purchased by the old high school officers' association for their own rifle association. Outside of the slight expense of erecting the rifle target board which is placed in front of the bleachers in the drill shed when in use, the only expense incurred in carrying on the rifle practice is for the ammunition.

The impetus for rifle shooting was given when the high school regiment moved to the drill range a few months ago and was there given rifle practice under expert instruction. Since that time the interest in the matter has gone to a high pitch among the boys.

**AMBULANCE STATION**  
The ambulance station and Dr. Sparks' livery stable, which for years have occupied quarters at 151 Worthen street, are now located in more spacious quarters in the building directly across the street from the old location. The ambulance office has not yet been removed and it may be two or three weeks before the office equipment is transferred to the other location, which is now being prepared. Dr. Sparks' stable and the ambulance station have occupied the old quarters at 151 Worthen street for a great many years, but recently this building was leased to a Boston concern.

**WOMEN MEN ADMIRE**  
Men admire a pretty face, a good figure, but most of all, the happy, healthy, contented woman, as beauty fades and the figure will change. Women who are troubled with backache, headaches, these dreadful dragging sensations and nervous irritability, cannot hope to be popular, and a woman's life is miserable, business or social life is impossible. The cause of these troubles, however, yields quickly to Lydia E. Pinkham's Vegetable Compound, as it is a natural restorative for such conditions, and dispels effectively all these distressing symptoms.—Adv.

**GEN. SMUTS ELECTED IN  
SOUTH AFRICA**

CAPE TOWN, Feb. 8.—General Smuts, prime minister of the Union of South Africa, was elected to the house of assembly from the district of Pretoria West, in the elections held throughout the union yesterday. Early returns indicated victory for the South African union party under his leadership. There was some uncertainty as to the vote in the rural districts, but the South African party seemed assured of a good working majority in the assembly.

Enormous majorities were given the South African party in Durban and Cape Town while the labor party suffered a severe reverse in the Rand district. In Cape Town the South African party gained two seats; three in Durban and eight in the Rand, and one in East London.

The victory of the party headed by Prime Minister Smuts is attributed to the fact that working men voted against the secession issue raised by General Hertzog and did not pay much attention to sectional issues raised by labor leaders.

**FACE WASHING FOR  
PAINTED GIRLS**

BIRMINGHAM, Ala., Feb. 9.—Birmingham girls with hectic complexions artificially produced, are in for a face-washing when they appear on the streets in the future, according to Miss Tibbels Newsome, policewoman. She declared today that whenever she sees a young girl with a "chalky white complexion, cheeks of bright red, vermilion pigment on her lips and her nose powdered to the nth degree" she feels like escorting her to the nearest bathroom and administering to her face a liberal dose of soap and water. "I am going to do it, too," she asserted.

BLOUNT'S WORK FEATURE CLASSY CARD ARRANGED OF LOWELL VICTORY FOR TOMORROW NIGHT

Bill Blount, goal tender, extraordinary, formerly a member of the Fall River team, being brought to Lowell, and who while in a "tiger" uniform did much to win many games for that team was the big obstacle in the path of his former teammates last evening at the Crescent rink and his wonderful obstruction work was the outstanding feature in Lowell winning out by the score of 7 to 1.

The "Tigers" as usual, launched a terrific attack in all they gave Blount 56 stops and many of them were of the sensational order. Blount also performed splendidly in front of the cage and kept the opposing rushers well out of his circle. By artistic execution of his shins he broke one sensational play right near the cage. The spectacular work of the Lowell goal tender found abundant appreciation from the fans.

Red Williams, who was injured last Thursday night, was not in the lineup. He has come to his home in the west to recuperate and may not return to the game this season. In his place, Leo Mulligan appeared and he turned in a very creditable exhibition. He teamed up well with Harkins and succeeded in scoring three goals. Quigley was also very much in the line of play. He played bang up polo all the way, and at the outset gave Lowell a good start by hammering two into the net.

Big Fred Jean, Frank Hardy, and Pierce and Alexander were very lusty, and all took part in the four-bardment of Blount, but their efforts were nullified by the goalie's classy kicking and blocking. Lowell's two goals by Quigley represented all the scoring in the first period. In the second, Harkins gave Blount a scare. In the final stanza Mulligan shot in three in a row, then Hardy came all the way up the floor and got one for Fall River. A good night's work, and a good night's play.

The lineup and summary:

LOWELL: Mulligan, Jr., 1; Alexander, 2; Harkins, 3; Pierce, 4; Quigley, 5; Hardy, 6; Cusick, 7; Lovegreen, 8. (First Period.)

FALL RIVER: Mulligan, Jr., 1; Alexander, 2; Harkins, 3; Pierce, 4; Quigley, 5; Hardy, 6; Cusick, 7; Lovegreen, 8. (First Period.)

Summary: Score, Lowell 7, Fall River 1. Blount 56, Lovegreen 18. Referee, Cusick.

New Bedford 3, Hartford 2.

GAMES TONIGHT

Fall River at Providence.

POLO NOTES

New Bedford will play here Friday night.

Lovegreen played goal for Fall River, 21. His work suffered terribly by comparison with that of Blount.

While Blount's 56 stops did not shatter any record he gave about the best exhibition of goal tending seen here this season. His all round aggressiveness and his clever use of the stick add much to his general effectiveness.

Quigley is a fast, hard working player. He has already made a great hit with the fans.

Ferdie Harkins played his usual heady and speedy game.

Red Williams may be out of the league for the rest of the season as a result of the injury he sustained a week ago.

Frank Hardy, formerly of Lowell, was given a good reception when he stepped into the cage.

AMERICAN IN OXFORD CREW

OXFORD, Eng., Feb. 9.—F. B. Lother of Trinity college, who rowed in the Harvard crew last year, is now rowing No. 5 on the Oxford university eight. So far this term he has been out with the crew on every practice trip. Since many other candidates who were with him in the trial races last term are only going out with the university crew for an occasional trip, it looks as if he is assured of a place. He is the second American to make the Oxford crew. The first was Dexter Milburn, who next April is coming over to England as captain of the All-American eight team.

Another oarsman on the Harvard crew of last year, W. Burdon, who has just come into residence at Trinity college this term, is also prospective material for the Oxford crew, according to several English sporting writers.

HARDING ENDS FLORIDA VACATION

DAYTONA, Fla., Feb. 9.—President-elect Harding declared his Florida vacation at an end today and prepared to turn his attention once more to the serious problems that must be solved before inauguration day.

Deciding to delay his work no longer because of the dilatory of the House, Harding, which has been stranded for two days on a mudflat in the Mosquito lagoon, the president-elect packed his belongings and made his plans to complete the trip to St. Augustine by rail. That city will be his home during the remainder of February.

The Victoria, on which he left St. Augustine Jan. 22, was to have completed her cruise to Miami and back by last Sunday night. Repeated trouble in threading the Indian river channel has put her so far behind the schedule however, that it is doubtful whether she can reach St. Augustine before Friday.

RECENT IN CHELMSFORD

Owing to the closeness of the vote in the contests for town clerk and assessor at the annual election of officers for the town of Chelmsford, held Monday, it is probable there will be a recount of the votes. In the contest for town clerk, Justin L. Moore, former chairman of the board of selectmen, defeated Raymond C. Hazeltine by only 15 votes, while in the contest for assessor, James P. Dunnigan was defeated by former Representative William J. Quigley by the narrow margin of 12 votes. It is said that the friends of both defeated candidates will petition for a recount.

It was a popular victory and well earned. While the cheering continued the veteran, now more than 40 years old, danced a jig in the ring, did a bit of shimmy and otherwise disported himself.

In the other bouts Fred Fulton stopped Battling McCreary in two rounds and Eddie Tremblay won the decision over Young Jack Johnson in 10 rounds.

TO READJUST AFFAIRS OF GOODYEAR CO.

NEW YORK, Feb. 9.—Plans for readjustment of the financial affairs of the Goodyear Tire & Rubber Co. include issuance of prior preference stock, sinking fund debentures and mortgages totalling \$50,000,000, counsel for the company announced here yesterday.

The prior preference stock will amount to \$25,000,000, and two mortgages, each of \$25,000,000, will be negotiated to pay off bank debts. The mortgages will bear interest at 8 per cent and will be of 10 and 20 years' duration, respectively.

## SPECIAL SERVICES

### Ash Wednesday Services in the Catholic Churches

Today, being Ash Wednesday, special services were held in all Catholic churches of the city in honor of the beginning of the 40 day Lenten period. Extra masses were celebrated this morning, at which distribution of ashes was made. This evening, besides the distribution of ashes, observance will include the recitation of the rosary, sermon and benediction. During the Lenten season services will be held in the Catholic churches Wednesday and Friday evenings. In many of the churches extra masses will be celebrated each morning.

Celebrations were first introduced in America about 1820 in Boston.

Should Visit Auditor's Office  
"Before agitating himself, or shipping himself into a frenzy, over the mistakes of the auditor's office he should at least come to the auditor's office and find out why he received more money than his due, and the city solicitor since he has begun his complaining of the auditor's office may be a bit enlightened to know that in dealing with municipal finance that this fundamental principle must be recognized that there are two distinct and separate types of years; there is a financial year which begins on the 1st

### A PICTURE EWING WILL PRIZE

President-elect Harding made a delightful new friend early on his vacation in Florida: Master Ewing E. Easter, Jr., seen here in the arms of his mother, at St. Augustine. Harding said Ewing was his idea of a fine boy, and Ewing, by way of returning the compliment, indicated his approval of the next president by clutching Harding's forefinger in his tiny fist and hanging on for dear life. Mrs. Easter is keeping a copy of this picture for Ewing when he grows up.

day of January and ends on the 31st day of December, there is a municipal year which begins on the first Monday of January in a particular year and continues to the first Monday of January of the succeeding year.

### Ought to Hasten Back

"Mr. Regan, the city solicitor, of Lowell is paid, as all other salaried and appointive officers of Lowell are paid, in the kind of year that elec-

tive and appointive officers are paid, to wit, in the municipal year; therefore Mr. Regan ought to hasten back to the treasurer's office and receive the \$18.25 which rightfully belongs to him as the first and second days of January, 1921, are not included in the municipal year of 1921.

"The municipal year of 1921 begins not on the first of January, 1921, but begins on the third day of January, 1921.

### To Reduce Tax Rate

Asked as to what would become of the money if Mr. Regan should refuse to accept it, Mr. Hennessy said he would retain it in the treasury and use it "to reduce the tax rate."

The mayor this morning announced his intention, to put the matter on the big issue that has been coming lately from the Hennessy-Regan camps. He said he thought it was right that they should both have their "day in court" to say what they thought about the payment of the Kimball company bill for \$6000, alleged to be due for work claimed to have been performed on the new high school. He said that he intended to give the matter careful consideration, and might decide to refer it to the

municipal council for action. He said that the amount of money involved is considerable and he intends to see that the interests are fully protected.

Public Buildings Commissioner Geo. B. Marchand had something to say on the mooted problem this morning. He is a member of the high school building commission. He asserted his belief that the Kimball bill is a just one and that the company throughout the controversy had acted as gentlemen, and that it was with regret that they started a suit against the city for the collection of their disputed account.

## French "Hankering" for Ruhr Region

BREMEN, Feb. 9.—Field Marshal von Hindenburg said today in an interview, that the French are "hankering" for the Ruhr region, a danger that must be taken seriously. He said the military leaders of France were unable to rid themselves of their fear of Germany, doubtless owing to France's decreased population. Americans, he believed, had altered their previously hostile opinions about Germany. He said he considered that Bolshevism in East Prussia was clearly losing ground. He came here for the purpose of delivering a speech at the christening of the cargo steamer Hindenburg yesterday.

## GREAT AIRPLANE RECORD

115,163 Passengers Flew  
3,136,550 Miles in Year  
Without Loss of Life

NEW YORK, Feb. 8.—A total of 115,163 passengers flew 3,136,550 miles in commercial airplanes during the last 12 months without the loss of a single life, the Manufacturers Aircraft Association announced here yesterday. These figures are based on the performance of 435 planes, and it is believed that the number of passengers and the mileage would be doubled if the figures of the 160 commercial airplanes operating in this country were obtainable.

In the absence of any federal system of registration, air laws and government methods for tabulating the ownership and performance of aircraft, it has been found difficult to trace the total number, the association stated. "The totals are based on questionnaires distributed by the association, but due to the itinerant nature

of much of the flying, it has been difficult to trace and record more than half of these. This one-half, by 51 companies or individuals, are permanently located in all parts of the United States.

Much of the mileage was made on short flights of 10 to 15 miles, for which an average fee of \$12.50 was charged. An increasing demand for aerial transportation between the cities has been noted, the average charge for this service being 65 cents a mile. On practically all inter-city flights baggage or freight was carried, the quantity limited only by the capacity of the craft. This business aggregated \$1,350,000.

"There were accidents and forced landings, but according to the signed reports from the 51 companies, in the 3,136,550 miles flown not a single life was lost. There were 22 forced landings and 88 accidents. There have been fatal accidents in other instances, but they occurred in the course of stunt or exhibition performances or under circumstances indicating that undue risk had been taken.

Enlistments of former service men will continue at all army recruiting stations, according to Col. Bailey, and among other duties which the men at the recruiting office will attend to, will be the looking up of lost discharges, the distribution of victory medals, and giving out various bits of information regarding the branches of the army.

## COAL STORAGE LEGISLATION

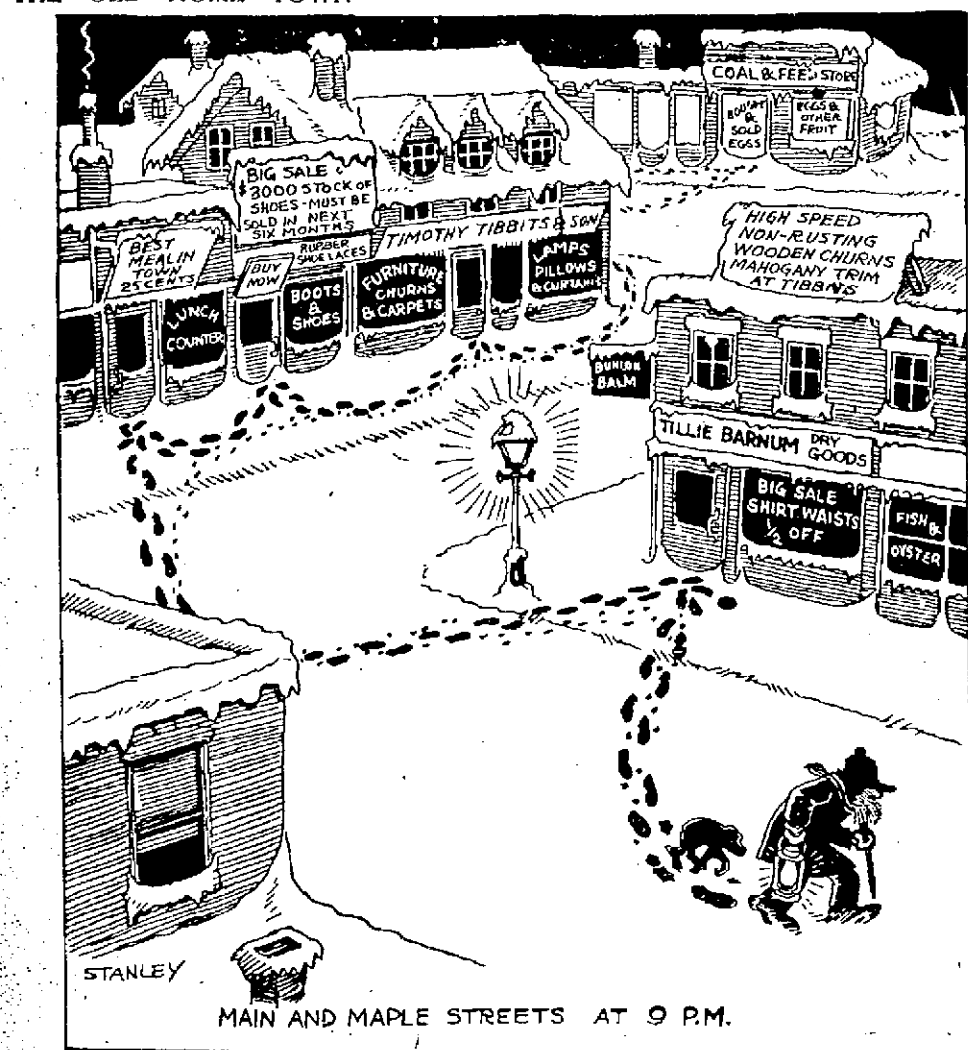

WASHINGTON, Feb. 8.—An agreement on the bill for regulation of coal storage has been reached by senate and house conferees. The measure as approved provides that food products, except fruits, vegetables and eggs, held in cold storage more than 12 months shall not be sold. Frozen eggs could be held 18 months if approved by the department of agriculture, which would administer the law and have discretion to modify some of the storage restrictions.

Cold storage legislation has been advocated for years in congress and was twice recommended by President Wilson.

## DOGS SLIP AWAY VIA THE GAS ROUTE

As a result of activities on the part of the local police the number of stray or unlicensed dogs in the city has decreased by about 25 during the past week. Acting upon complaints received from local citizens last week, Mayor Thompson issued an order to the police to be on the alert for unlicensed dogs.

The officers got busy at once and during the past few days no less than 25 dogs of various breeds were led to the station and later placed in the gas box. The officers intend to keep up the good work until Lowell is rid of all dogs that are not licensed, so that owners of "pets" had better make sure that their dogs are licensed and that their license number is properly engraved on the collar for the instructions of the police are to take over to the gas box all canines without collars and those that cannot be identified.

The license year for dogs begins on April 1, but that time is two months off and the dogs that are not licensed are liable to be corralled by the police before that time, so that if a dog is worth keeping its owner had better have it registered at the city clerk's office at city hall. During the year 1920 there were close to 1900 licenses issued at city hall and last July, the time set for the sending out of notices to owners of unlicensed dogs, 600 let-

ters were mailed by the city clerk. Of that number it is figured a couple of hundred have complied with the law, thus leaving about 400 stray dogs in the city. This number has probably been increased by about 100 since that time, so that it may be figured that the number of unlicensed dogs within the boundaries of Lowell is about 500, and if they are all brought to the gas box it will mean some business for the rendering works.

Move Out When Hyomei Moves In

No stomach dosing. Hyomei is made chiefly of oil of eucalyptus taken from the eucalyptus forests of inland Australia and combined with other excellent antiseptics. In inland Australia, the atmosphere is so impregnated with balsam thrown out by the eucalyptus trees that germs do not thrive, and in consequence colds, catarrh and other nose and throat afflictions are practically unknown. Breathe Hyomei and get the same pleasant germ killing effect as you would get in the eucalyptus forests. Hyomei is sold by druggists everywhere on a guarantee of satisfaction or money refunded.—Adv.

## DEDICATORY EXERCISES

Many Attend Dedication of Undertaker Healey's Rooms and Funeral Chapel

A program of music and reading was given last evening at the formal dedication of Undertaker George W. Healey's rooms and funeral chapel, before a crowd which filled the building. A duplication of the numbers was necessary for the benefit of those who could not gain admittance due to the hundreds who were there before them.

The Mendelssohn quartet, and Mrs. Fred L. Roberts furnished the music, while Mrs. E. Leon Gage read. The following was the sequence of the entertainment:

"Annie Laurie," Mendelssohn quartet; solo, "My Faith in Thee," Mrs. Fred L. Roberts; reading, "The Pipes of Sodom," Mrs. E. Leon Gage; solo, "If You Would Love Me," Harry Patton; quartet, "Darling Noble Gray," solo, "Rose of My Heart," Charles H. Howard; solo, "Maid a Mine," Harry H. Pomeroy; quartet, "The Rosary," solo, "The Irish Rose," Mrs. Roberts; reading, "The Holy Line," Mrs. Gage; solo, "Down in the Depths," Harry C. Needham; quartet, "Sunset."

Beautiful arrangements of cut flowers, many the gifts of Mr. Healey's numerous friends, filled the rooms and church. Six hundred earnestly were presented to the women guests who attended.

## WAS LAID AT REST TODAY

Large Attendance at Funeral  
Services of the Late  
Martin Malloran

With impressive services and manifestations of intense sorrow for deceased and widespread sympathy for his bereaved relatives, the mortal remains of Martin W. Malloran were consigned to their final resting place in the Catholic cemetery this forenoon.

The fact that deceased had to respond to the call of death without the slightest warning and while apparently in the enjoyment of good health, accentuated the sorrow for his passing and brought widespread expressions of condolence from his host of friends in Lowell and elsewhere. Deceased was widely esteemed on account of his genial, kindly and cheerful disposition and his devotion to his friends.

Not for a considerable time has such a largely attended funeral cortege passed through our streets as that which left the family residence at 256 Rogers street this morning and proceeded to the Immaculate Conception church, where a solemn high mass of requiem was celebrated at 10 o'clock.

The great edifice was almost filled with the relatives and friends of deceased, among those present from out-of-town being Mr. and Mrs. George Gray of Malden, James Mack of Jamaica Plain, Thomas Mack of Braintree, Miss Catherine Lynch of Manchester, N. H., Mrs. Whaley and Mrs. Maloney of Ayer Junction, Rev. Lawrence P. Tighe, O.M.I., was celebrant of the mass. Rev. Fr. McDermott, O.M.I., deacon and Rev. James B. McMartin, O.M.I., sub-deacon, while Rev. David Murphy of North Billerica and Rev. Francis Chas. of St. Peter's parish occupied seats in the sanctuary. The Gregorian mass was rendered by an augmented choir, the solos being sustained by Charles P. Smith, Andrew McCarthy, John Flynn, Miss Catherine McQuaid, Miss Catherine McCarthey and Mrs. William Martin. At the offertory Mr. McCarthey sang "Domine Jesu Christe," and as the body was being borne from the church the choir rendered the "De Profundis," the solos being sustained by Mr. McCarthy.

Attending the funeral services was a delegation representing Lowell Lodge of Elks consisting of Peter H. Donohue, Henry W. Garrity, Timothy F. Donohue, Cecil Keefe, William Johnson and Michael Markham. The bearers were Michael Winn, Joseph Galvin, Martin Calvin, Commissioner James E. Donnelly, John Maloney, John Cryan, William Merritt and John Winn.

The high esteem in which deceased was held by his numerous friends and associates was indicated by an array of beautiful floral tributes, many of which were accompanied by touching testimonies of the condolence of departed friends, notably those of the Lowell lodge of Elks, the Arlington Associates and the business men who had been associated with deceased in the Saunders' market enterprise. The flowers filled a large touring car and completely covered the grave. At the graveside the services were conducted by Rev. Joseph McQuaid, O.M.I., and Rev. Owen P. McQuaid, O.M.I. Funeral arrangements were in charge of Undertaker Peter H. Savage.

REQUIEM MASSES

Mass for Annie Smith Dacey at St. Michael's church, Thursday morning at 8 o'clock.

BERT STARKEY  
Eccentric Comedian Appears  
Personally at The Rialto

Bert Starkey, the eccentric comedian, who has been a moving picture actor for the last 11 years, appeared personally at the Rialto theatre this afternoon. He will appear twice personally at this evening's performance at the moving picture theatre, the audience by telling how movies are made, following the film stories, through the making of the cast, location work, filming and up to the final presentation in the moving picture theatre.

During his 11 years as a screen actor, Bert Starkey has portrayed many characters, including the dope, crook, punchline and the songster and dancer. He has been associated with all the moving picture stars of the east and west. Moving picture fans of Lowell will perhaps recognize Starkey from his appearance in so many of the movie spots which have been shown in this city.

Consider his moving picture experience. Bert Starkey has had three years in vaudeville and considerable success in musical comedy productions and stock companies.

Starkey will appear in the moving picture, "The Dark Mirror," with Dorothy Dalton in about three weeks. In that story he will play the part of Charlie, the "big" one. Some of the other pictures and parts he has played are "The Man of the Hour" with David Warwick; "Stark" in the "Club," Dave the strike-breaker in the "Boiler Room"; Blinky Davis in "Alas Jimmy Valentine"; Avery in "Convict 532"; with Mrs. Vernon Castle; Spider in the "Fatal Ring" serial with Pearl White; Beal in the "Devil's Garden" with Hazel Barrymore; Razoff, the spy in "Hearts in Exile" with Clara Kimball Young; and Skeln in the "World's Great Snare" with Pauline Frederick.

Anatole Adrian Briere and Albert Desmarais, both minors and charged with breaking and entering and larceny, were ordered held in \$1000 bonds for a hearing Friday, today in the police court. Emilio Beland, 12 years old, will be charged with being a delinquent. He is alleged to have participated in larcenies with the other two defendants.

Last night Officer Fanning heard sounds on the fire escapes at the rear of the store occupied by the R. J. MacArthur company on Merrimack street, at about 11 o'clock. As he approached to investigate three figures broke and ran, while after calling upon them to halt he fired several shots to frighten them. At Palmer street they separated, and he followed Beland, who was running along Middle street. Michael McDermott, 10 Cadz street, happened to be leaving Hibernian hall, and intercepted Beland's flight, so that the officer was able to take him into custody. At the station he revealed that Desmarais and Briere had been his accomplices, and Desmarais was arrested at his home while Beland was taken into custody this morning on the street.

The Boston Wholesale Millinery company had also been broken into. It was discovered, and the cash drawers of both establishments had been invaded, a total of approximately \$10 being the booty of the youthful alleged robbers.

Beland, when searched at the station house, had on his person a box of keys, some pennies in an envelope which bore the MacArthur letter-head, a box of pen-points, and several dollars in cash. It is believed by the authorities that the trio also are guilty of a recent break into the Cook, Taylor store, also located on Merrimack street.

## 45 FOOD SHOPS FORCED TO CLOSE

NEW BRUNSWICK, N. J., Feb. 9.—Forty-five butcher and baker shops were closed here today and the women who for days boycotted and picketed the places were jubilant. The housewives had wrangled incessantly for lower bread and meat prices and when the butchers and bakers said it couldn't be done, the women mobilized punitive expeditions.

A mere man, ignorant of the boycott, bought two dozen rolls. On leaving the bakery, women attacked him, flung the rolls into the gutter and pursued the innocent buyer down the street. Other attacks flared up in various parts of the city and today shop owners figured discretion the better part of business and stayed home with the store door keys.

Unemployment conditions have embittered many consumers against the retailers, but the bakers and butchers claim they cannot cut prices until wholesale quotations drop.

## MAY BE "LEGALLY DEAD"

Attorney General Puzzled  
Over Failure of Sheriff to  
Hang Negro on Date Set

BATON ROUGE, La., Feb. 9.—Leonidas Eaton, the man the sheriff forgot to hang, may be dead legally. Attorney General Cocco frankly admitted today he did not know, but reports from Ouachita parish prison where Leonidas has been taking, legally or illegally, his regular three squares a day, ever since his execution was delayed by Sheriff Grant Feb. 4, do not indicate that his appetite has suffered because of his possible demise.

Sheriff Grant wrote the governor yesterday that in the press of civil and criminal matters Feb. 4, he utterly forgot the mandate to put the negro, convicted of the murder of a white man, to death on that day. The sheriff did not know what to do about it. He had no warrant to execute his prisoners on any other day, and asked for instructions.

The governor turned the matter over to Attorney General Cocco, who is raking the law books for precedents. It was said the once in jeopardy principle of law might prevent any execution. In the meantime the negro is physically alive and the board of pardons still has before it an application for clemency.

## Fined for Keeping Liquor

Continued  
Wilfred Fournier, who appeared in court yesterday on drunkenness charges, was in the dock again today, the case having been continued to investigate his statement that he was in the army in France at a time when he was accused of having been arrested here on a former charge of drunkenness. Fournier admitted this morning that he had made a mistake, and attributed his lapse from facts to "jangle sickness." This is his third offence, and a \$10 fine was imposed, which was given until Saturday to pay.

Edward F. Keefe charged with assault and battery on his wife, was released on his personal recognizance for \$100, the case being continued one month.

Attitude Indefensible  
BERLIN, Feb. 8.—Bavaria's attitude relative to the disarmament of civilian guards, is indefensible, in the opinion of members of the Reichstag still in this city. They believe it will result in materially complicating the task of Foreign Minister Simons during the coming conference in London.

The Berlin cabinet was reported today to be determined to carry out disarmament proposals without equivocation in order that it might strengthen its position in presenting counter proposals on the reparations issue.

Record in Germany Dyes  
PARIS, Feb. 8.—Germany is now exceeding her pre-war production of coal tar dyes, according to the dye experts attacked to the reparations committee in materially complicating the task of Foreign Minister Simons during the coming conference in London.

The dye markets in Germany are obliged to place about one-quarter of their product at the disposal of the reparations commission. The remainder being offered by the dye syndicate in foreign markets at prices which are understood to be considerably lower than those of the English and American competitors of the syndicate.

Dennis J. Dougherty, archbishop of Philadelphia, and the Most Rev. George W. Mundelein, archbishop of Chicago, one of whom, it is stated, will be named by Pope Benedict at the next secret consistory.

The date of the consistory is March 3, according to authoritative Vatican reports.

## RAY FOUND NOT GUILTY URGENT DISTRESS CALL

Was Charged With "Receiving" Stolen Autos and Disposing of Same

SALEM, Feb. 9.—A verdict of not guilty was returned by a jury against Benjamin D. Ray, former city councillor of Lynn, charged with "receiving" stolen automobiles at his garage in Lynn and disposing of the same, at the superior criminal court this morning.

The jury went out at 3:53 p. m. yesterday, reached an agreement at 5:30 p. m. and returned a sealed verdict this forenoon at 10:15.

The indictment charged that he "received" 19 automobiles, stolen for the most part in Boston. The case has been on trial a week.

## Three Boys On Trial for Murder

SKOWHEGAN, Me., Feb. 9.—James Farrell of New Bedford, John Brown of Boston and Homer Spurlock of Normal, Ky., were placed on trial in the supreme court today for the murder of Asa Entekin, the aged station agent for the Maine Central railroad, killed at Embdon on Nov. 4. The jury of 12 men was selected without delay, the examination of 34 witnesses occupying only about an hour. County Attorney James H. Thorne of Madison, opened for the state and called 30 witnesses. The three boys, who are alleged to have clubbed Entekin over the head and robbed him of \$52, probably will be the only witnesses for the defense. The trial was expected to last several days.

## Rioting Renewed in Troy and Albany Despite Presence of Troops

ALBANY, N. Y., Feb. 9.—Disorders again today marked the attempts of the United Traction Co., to operate cars in Albany and Troy with imported crews, despite the presence of state troopers.

Police in Troy again fired shots in the air in order to disperse crowds.

Only one car was sent out by the company up to early afternoon.

This car was operated in Troy and soon was stalled, wires having been torn down for a block or more by strike sympathizers.

A mounted patrolman in Troy was injured when hit on the head by a stone and Chief of Police Goerold narrowly escaped injury when a bottle was thrown at him. One arrest was made.

The lone car in Troy had difficulty in making headway. Frequent stops had to be made in order to permit the guards to remove debris from the tracks and wires.

Once when the car stopped bricks were thrown at it. Police immediately surrounded it to protect the strikebreakers, and when the crowds surged forward the police fired.

## CLAIMS HE WAS PAID TOO MUCH

City Solicitor Regan Returns Part of Salary to City Treasurer

Treasurer, Embarrassed By Unexpected Riches, Appeals to Auditor

Auditor Quotes Law and Advises Solicitor to Hasten Back for Money

City Solicitor William D. Regan claimed today that he had been paid as salary more money than he was lawfully entitled to as a city employee and that he had returned the excess to the city treasurer and he also asserted his opinion that the overpayment was an example of the "many mistakes made in the city auditor's office."

An investigation made by an investigation of Mr. Regan's charge that he had found more money in his pay envelope than he could conscientiously consider himself entitled to develop that yesterday a letter was sent to the city treasurer by Mr. Regan reading as follows:

"I am informed, and after investigation, that I was paid in 1920, as salary for the office of city solicitor, the sum of \$125 in excess of the amount established for this office by law.

"Herewith enclosed please find my check for this amount.

"In order to be fair to you, I desire to state that this error did not originate in your office."

An unusual situation

When Mr. Regan's letter was received an unprecedented situation was created in the treasurer's office. Many and various have been the assaults aimed at extracting money from the city's strong box. It is not believed that the memory of man goes back to the time when there has been any ambition shown to get back into the treasury money that had once been paid out. What to do with the unexpected windfall became a problem. It had been paid out in accordance with the orders of the city auditor, and there appeared to be no account to which it could be credited unless the example of Uncle Sam was followed and a "conscience fund" established.

In his perplexity the treasurer dictated the following letter to the city auditor:

Appeals to Auditor

"Enclosed you will find copy of letter handed to me this day by City Solicitor William D. Regan.

"I am holding the check for the sum of \$125.25 awaiting your advice as city auditor on the matter."

When Mr. Hennessy was questioned regarding the treasurer's and solicitor's letters this morning he said things calculated to "make the wetkin ring." He said more and more of them and then settled down to giving out an authorized interview in which he said:

Mr. Hennessy's Interview

"The city solicitor in returning money to the city treasurer, was not doing so as a matter of expediency, but as a matter of course to come to the city auditor's office in order to find out whether he received too much money or not, but if he would make himself familiar with

## FINED FOR ILLEGALLY KEEPING LIQUOR

Thomas Paris, of Davidson street, drew a \$100 fine in the police court this morning on the time-honored charge of unlawfully keeping liquor with intent to sell the same. Officer P. B. Clark surprised the defendant with a five gallon can of moonshine in his possession together with three empty jugs and two empty five-gallon cans which gave off the aroma of spirits.

The defendant was storing these supplies in a vacant tenement when Officer Clark descended upon his retreat.

Costas Basinos, for illegal sale of liquor to a police officer arrayed in an army uniform, was awarded a \$150 fine. He pleaded guilty, but appealed the penalty, and was held in \$300 bonds.

Later ball was secured. It was testified that Basinos is one of the offenders who have been supplying soldiers who come here from Camp Devens with liquor.

Nineteen enlisted men were arrested recently on a single occasion, after some of them had purchased moonshine from local vendors and had created a disturbance in consequence.

The case of Charles Garabedian, of John street, charged with unlawfully keeping liquor, was continued to February 14, while that of Releskap, a minor, of Bridge street, charged with illegal sale of liquor, was put over to the same date. Bonds were fixed in each case at \$300.

When Annie Tremblay was arrested

## LOWELL'S DOLLAR DAY LIQUOR LARCENY CASE

Visit Stores Saturday and Get More Than Your Money's Worth

Goldstein and Harold Held in \$2500 Each—Andromedus Discharged

Max Goldstein and William Har- eld, charged with participating in the \$2500 larceny of liquors from the Victoria street residence of Joseph Cayonette, were today ordered held in \$2500 bonds for the superior court by Judge Fairlight in the police court. Jas. Andromedus, another defendant, was discharged with Jas. Manousen, who has testified for the state, was held in \$1 bonds. Andrew Wilson, also charged with being implicated in the case, was discharged yesterday afternoon, and Gabriel Botcho was held in \$1000 bonds.

Attorney Donahue opened this morning with an argument to show that Andromedus was not actually concerned with the carrying away of the liquor.

Former Mayor O'Donnell, representing the state, contended that Andromedus set the scheme in motion. Judge Fairlight, however, decided that on the complaint as stated, being breaking and entering and larceny, this defendant could not be held, as he was not present and according to law therefore not a principal. As no charge of being an accessory has been lodged against him, he was freed.

Probable cause was then found in the cases of Goldstein and Harold.

Counsel for these defendants questioned the valuation of \$2500 placed by Cayonette on the stolen liquor. Attorney Tierney claimed that the legal price of whiskey is now \$5 a quart, and that no drug store is permitted to charge more. This rate would make \$1500 the nearer correct valuation.

The state then agreed to bail of \$2500 for the two defendants.

After making some minor changes the committee plans to approve the substitute tomorrow.

## HELD MARDI GRAS PARTY

Pretty Scene at Lincoln Hall

—Prize March Feature—

Unique Costumes

There were showers of confetti and miniature balloons, and gay costumes which represented the inhabitants of every clime, and a kyspy fortune teller and bright streamers of red, white and blue lighting, and everything. The place, Lincoln hall. The event, the Mardi Gras costume and dancing party of the League of Catholic Women.

The affair held last night constituted the last pre-Lenten festivity of the season, and fulfilled the traditions which have made Mardi Gras Tuesday a day of color and rejoicing in all Christian lands. One of the star features of the evening was the prize march, all those in costume passing in review before the judges, while the most meritorious garb was selected. After much deliberation, due to the uniform excellence of the costumes, the judges awarded a cut glass candy dish to Miss Agnes Mullin, wearing a dress adorned with playing cards, as the ladies' first prize. Miss Pauline Wallace, arrayed as Huckleberry Finn, received a bottle of perfume, the ladies' second award. J. Edward LaSalle and Charles Levesque, dressed as Spanish caballeros, won first and second gentlemen's prizes respectively, consisting of cigar cases.

J. Joseph McKeiser, J. Walter McKenna, John V. Donoghue and William A. Murphy of Lawrence were the judges.

The music was by Markham's orchestra. The refreshments included ice cream and punch. Decorations were donated by Charles F. Young, the Chaffoux company, the Bon Marche company, the Kenney and the Collins florist shops.

Matrons were Miss Alice T. Lee, superintendent of the Lowell primary schools, Miss Julia Walker, Miss Winifred Haggerty and Miss Alice Cox. ## TO CURTAIL JAPANESE NAVAL ARMAMENT

TOKIO, Feb. 8.—Yukio Ozaki, a former leader of the Kensei-Kai, or opposition party, said he would introduce independently before the diet a resolution proposing curtailment of naval armament. He was expelled from the Kensei-Kai last Friday because he had not supported a suffrage bill urged by the party.

## AMUSEMENT NOTES

By Theatrical Press Agents.

**THE STRAND**  
How great is your power of deduction? If you have never given it a real test, then here is your opportunity. Attend one of the last performances of the first-of-the-week series at the Strand today, and see if you can solve the mystery surrounding the action of the latest H. B. Warner picture offering, "One Hour with Daddy."

It is a picture story that grips, holds and thrills, and the solution that confronts one is not solved until the very last minute. In the meantime, the audience are as opportunistic as the picture itself, and see if you can solve the mystery surrounding the action of the latest H. B. Warner picture offering, "One Hour with Daddy."

Because of his well known skill in all western sports, Tom Mix, the Fox star, who is appearing in "The Texan," will be shown at the Strand for the last three days of the week, starting with matinees on Thursday, when he will be participating in the contests during the "Frontier Days" celebration recently held at Prescott, Ariz. He served as a judge instead, and had the satisfaction of seeing his cowboy actors hope home with first honors. Fox never fails to secure a real thriller for Mix, and his latest offering is no exception to the rule. The thrills are there aplenty and many of them brand new. You'll say so after witnessing them.

Although to every theatregoer who saw "Hins Tight" some weeks ago, Gladys Walton was a star in every sense of the word, it is not until she has been seen in "Risky Business" that she will be branded one and for all the real luminary she is on the screen. The play is a delightful one and the star never shone more brilliantly than in this. See her and be amazed. The usual comedy weekly will also be given on the same bill.

## OPERA HOUSE

The scenic effects alone are well worthy of the consideration of all theatregoers in the week's presentation of Marie Corelli's celebrated romantic novel "The Sorrows of Satan," dramatized for the stage, and which is being given by the Lowell Players at the Opera House. The piece is an old but rather unusual one, and has elements contained in few of the present-day offerings of the

drawing rooms of the English aristocracy, from thrilling shipwreck scenes on the North Atlantic to gripping situations in a British manor house.

"Lying Lips" is expected to rank with the screen masterpieces of all time.

In the leading male role of Blair Cornwall, a young Canadian ranchman, House Peters presents a characterization superior to any that he has ever portrayed. Florence Vidor in the role of Nance Abbott, a daughter of English aristocracy, makes this role one

of the outstanding features of the picture. Joseph Krigour plays the part of a Millionaire, the son of the Street of Gold. His story dates back to the days of Belshazzar and Trojans. Margaret Livingston, Edith York and many others have important parts in this big photoplay. There are many spectacular scenes but two of the most important are when a big liner is blown up at sea, and in a crowded church when the minister is about to pronounce Nance Abbott and William Chase man and wife the girl suddenly halts the ceremony and announces that she is another man's wife. In the former scene the U.S.S. Minuteman sailors take a prominent part. The story deals with one Nance Abbott, an English aristocrat, who is engaged to a man of her own set, but twice her age. She visits Canada and meets Blair Cornwall, a young ranchman. She falls in love with him but cannot reconcile herself to living a life of hardship as his wife. She returns to England and Blair follows on the same boat, determined to win her despite her love for the wealth. The ship is wrecked and two left together on the floating bulk. Nance swears her love for him, but retreats when a rescue ship is sighted, and asks him to make so that she may be found alone. The wreckage is destroyed and Nance believes that Cornwall was too. Conscience-stricken, she returns to London and prepares to marry the man to whom she is engaged. Cornwall, who has survived the wreck, appears under an assumed name, determined to make her repent her act of condemning him to death. The concluding scenes embrace a climax so unexpected and powerful as to make "Lying Lips" stand out in your memory for some time. An extra added attraction will be Johnny Hines in "Turkey Double Triumph." It is a comedy that will keep you smiling all through it. An International News Bureau film, "The Picture and Paramount Magazine round out the bill.

"IRELAND A NATION"

The return engagement at the Opera House next Sunday afternoon and night of "Ireland A Nation," will undoubtedly prove welcome news to a large majority of the people of Lowell and vicinity. It was given at this theatre a week or so ago to capacity audiences, and the enthusiasm evidenced by those who saw it, and the numerous demands for its return, caused the management to secure it for a second presentation, even though at increased cost. It will be practically the same program that was given under the auspices of the St. Patrick's Holy Name society, with additional features.

Ireland from a Kingdom to a province, and Ireland from a province to a republic, is traced with careful and faithful hands. It is by far the best thing on Ireland that has ever been shown on the screen and includes, besides some old historical reproductions, a number of views of Ireland today. You will know more of the Emerald Isle today and yesterday than you ever learned from the press or story. Don't miss it. Many of those who saw it on its first appearance here are planning a second visit.

And besides this wonderful picture there will be Sigrid O'Neil, the Wicklow piper, whose numbers have invariably won unstinted praise from all audiences. There will be other Irish entertainers and a speaker who will give a resume of the condition of Ireland and her people today. You can't afford to miss this offering if you have the slightest interest or feeling for the people of that "precious little island over there." Watch the papers for further information regarding the price and sale of tickets.

## T'S Simply Grand, Says

Mrs. Meorin—Can Walk

All Over the City Without

Being Tired, Since She Took

Tanlac

"Before taking Tanlac I had such little strength or energy I scarcely can go out shopping and walk all over the city without feeling the least bit tired," said Mrs. Chas. Merin of 232 Chelmsford st., Lowell, Mass.

"About two years ago I was down for five weeks with the influenza, and I left me in awful poor health. I had no appetite, and the little I ate caused a terrible pain. I bloated until my heart palpitated so badly and I was so short of breath that I couldn't walk up stairs without having to stop and rest. I became so nauseated at times I couldn't retain a thing I ate, and felt as weak as a kitten. I had dreadful headaches and was so nervous I couldn't stand the least little noise. My sleep was restless and broken, and although I took all kinds of medicine I couldn't get any relief.

"It certainly seems wonderful the way Tanlac has restored my health. The indigestion has entirely disappeared, and I now eat and enjoy a good meal three times a day. My sleep is sound and refreshing, and I have gained several pounds in weight. Tanlac has made a new woman of me, and I just think it's the greatest medicine in the world."

Tanlac is sold in Lowell by Green's drug store, under the personal direction of a special Tanlac representative, by Wright Drug Co., Billerica, and by the leading druggist in every town—Adv.

R. F. KEITH'S THEATRE

A bill that is of very high grade all through is at the R. F. Keith theatre this week, as will be apparent to all who glance at the acts. Miss Faye, a Maree high class dancer and comedy maker, and Ethel MacDonough shows some of the most attractive of moves in "My Lady's Busy Day." As for Handicaps & Stone, they are entertainers of a rare kind, and Miller & Lyles are colored performers of the best type. Then there is the Warner-Amnorg trio in "Love's Follies." Other acts of this bill are Helen & Gros in fascinating singing and dancing, and Evans & Peres in a sensational novelty.

HALLO THEATRE

A farcical problem is presented to newly married couples in the bedroom comedy "When Beds" which is making its first appearance at the Hallo theatre today. The production is a brilliant of sparkling comedy, in which the attempts of an Italian tenor to escape from the wrong apartment into which he is rammed by mistake are featured. Every scene is full of rich complications. In addition to "When Beds" the Hallo is also showing "The Golden Trail," Epiphone 12 of "Bride 12," and the Fox news. See it. Tomorrow there will be a complete change of program.

MERRIMACK SQUARE THEATRE

"The Juckins," starring Monte Blue and "The Ghost in the Garret," starring Dorothy Fitch, will be shown for the last time tonight. If you have not seen this big double feature bill yet, take advantage of the last opportunity and witness it tomorrow, there will be a complete change of program. For Thursday, Friday, Saturday, Thomas H. Ince's greatest spectacular production, "Lying Lips," will be the main feature of the program. Selecting as the theme for his spectacular drama the two most vital and mysterious elements of human existence, life and love, Thomas H. Ince has created a photoplay which surpasses the most monumental work of his career, "Civilization." Remarkable contrast and transition have been utilized to their fullest extent in making the picture one of the most vitally interesting, vividly spectacular productions of the screen. The scenes flash from one colorful extreme to another, from the forests and prairies of Canada to the

drawing rooms of the English aristocracy, from thrilling shipwreck scenes on the North Atlantic to gripping situations in a British manor house.

"Lying Lips" is expected to rank with the screen masterpieces of all time.

In the leading male role of Blair Cornwall, a young Canadian ranchman, House Peters presents a characterization superior to any that he has ever portrayed. Florence Vidor in the role of Nance Abbott, a daughter of English aristocracy, makes this role one

of the outstanding features of the picture. Joseph Krigour plays the part of a Millionaire, the son of the Street of Gold. His story dates back to the days of Belshazzar and Trojans. Margaret Livingston, Edith York and many others have important parts in this big photoplay. There are many spectacular scenes but two of the most important are when a big liner is blown up at sea, and in a crowded church when the minister is about to pronounce Nance Abbott and William Chase man and wife the girl suddenly halts the ceremony and announces that she is another man's wife. In the former scene the U.S.S. Minuteman sailors take a prominent part. The story deals with one Nance Abbott, an English aristocrat, who is engaged to a man of her own set, but twice her age. She visits Canada and meets Blair Cornwall, a young ranchman. She falls in love with him but cannot reconcile herself to living a life of hardship as his wife. She returns to England and Blair follows on the same boat, determined to win her despite her love for the wealth. The ship is wrecked and two left together on the floating bulk. Nance swears her love for him, but retreats when a rescue ship is sighted, and asks him to make so that she may be found alone. The wreckage is destroyed and Nance believes that Cornwall was too. Conscience-stricken, she returns to London and prepares to marry the man to whom she is engaged. Cornwall, who has survived the wreck, appears under an assumed name, determined to make her repent her act of condemning him to death. The concluding scenes embrace a climax so unexpected and powerful as to make "Lying Lips" stand out in your memory for some time. An extra added attraction will be Johnny Hines in "Turkey Double Triumph." It is a comedy that will keep you smiling all through it. An International News Bureau film, "The Picture and Paramount Magazine round out the bill.

"IRELAND A NATION"

The return engagement at the Opera House next Sunday afternoon and night of "Ireland A Nation," will undoubtedly prove welcome news to a large majority of the people of Lowell and vicinity. It was given at this theatre a week or so ago to capacity audiences, and the enthusiasm evidenced by those who saw it, and the numerous demands for its return, caused the management to secure it for a second presentation, even though at increased cost. It will be practically the same program that was given under the auspices of the St. Patrick's Holy Name society, with additional features.

Ireland from a Kingdom to a province, and Ireland from a province to a republic, is traced with careful and faithful hands. It is by far the best thing on Ireland that has ever been shown on the screen and includes, besides some old historical reproductions, a number of views of Ireland today. You will know more of the Emerald Isle today and yesterday than you ever learned from the press or story. Don't miss it. Many of those who saw it on its first appearance here are planning a second visit.

And besides this wonderful picture there will be Sigrid O'Neil, the Wicklow piper, whose numbers have invariably won unstinted praise from all audiences. There will be other Irish entertainers and a speaker who will give a resume of the condition of Ireland and her people today. You can't afford to miss this offering if you have the slightest interest or feeling for the people of that "precious little island over there." Watch the papers for further information regarding the price and sale of tickets.

The newspaper's correspondent declares that the action of the Japanese in reinforcing garrisons in the interior of the Siberian maritime province has created an impression among Russians that the Japanese plan offensive operations there.

### KANSAS FARMER AND STOCKMAN

Frequently Found in His Wheat Field Suffering From Indigestion Would Willingly Pay Five Dollars for a Bottle of Sister Mary's Compound

It was in April, 1920, that I first heard of your wonderful remedy for indigestion and from which I have suffered for many years. To find me lying in the fields where I had fallen from a moving machine or while walking around was not an unusual affair. Getting rid of the gas was easy enough after the damage was done. What I wanted, and searched every advertisement for was a medicine that would prevent the forming of this gas that used to knock me out. After many experiments with other remedies I read in one of our western papers of your Sister Mary's Compound. It certainly is the right stuff and I would very willingly pay \$5 a bottle to get it out here to me. My family is now free from worry when I leave the house to make a tour of the fields. Find my check for one dozen bottles. I intend to keep a good supply on hand always. John Mince, Ingalls, Kansas, R. R. 1.

### MANY SHOE WORKERS FOUND TO BE SUFFERING

Ill Health and Much Absence From Work Due to Constipation

Many Have Wonderful Success in Use of Toxo Treatment

"At the request of my superiors, I have gone out among the shoe workers of Lowell and have spent considerable time in making their acquaintance and learning much about them. What I have to tell is of tremendous importance to each and every one of them for I have found that there is a large number of men suffering from constipation. Many of the workers are standing at their work all through the day and are becoming constipated or else are constipated. Some of them have neglected their health and as a result have piles, which could have been avoided by taking care of their constipation trouble.

The chief trouble is that their systems are clogged with a lot of impurities that they can't get rid of. They

have been taking oils and pills that have been forcing action and causing violent stomach pains. Even then, they have failed to cleanse the bowels of the waste matter as these oils and pills only half act and invariably make further doses necessary.

In this way, many of them have allowed their systems to become poisoned and are suffering mental depression, foul breath and pale and sallow complexion which is made more noticeable by muddy or pimply skin. I have experimented on several by giving them Toxo treatment with results that the waste matter in their bowels has been completely and promptly removed and the action has been pleasant and gentle—entirely free from the violent action of cheap laxatives.

Toxo treatment has a way of going through the system and moistening all waste matter and allowing free and smooth evacuation. It has won the approval and friendship of a large number of shoe workers who have tried it with splendid success. I want to urge upon all sufferers of constipation, indigestion and other stomach troubles, that they get the benefit for using this proper treatment for their illness—Toxo.

Our investigator tells the story. If you are having any kind of trouble with your stomach, get a bottle of Toxo today at Dows' Drug Stores on Merrimack street. Keep it in the house at all times.—Adv.

### DANGEROUS PRACTICE

Boys Stealing Rides On Street Car Fenders Will Be Arrested

The street railway company is determined to wage a vigorous campaign against boys who ride on fenders of the street cars and Manager Lees stated today that it is his intention to put plain clothes men on the cars to catch them.

"We are in the position," Mr. Lees said, "of having to protect these boys against themselves. The practice of riding on fenders is extremely dangerous and the company has determined to put a stop to it. I looked into the matter thoroughly Sunday afternoon, by driving over to the car line and I was surprised to find that the habit had become so general among boys. In Gorham street boys ride on fenders when the cars were going quite fast and I was afraid to approach them lest they would recognize me and jump off. I felt that if they jumped off when the car was going fast they would be injured or killed. We are going to stop this dangerous practice by making arrests and we will ask the court to impose as severe a penalty as the law allows."

### Snake Nuisance

Another practice that Mr. Lees said the company is determined to put a stop to is that of smoking on the cars. Because of the fact that the operator of necessity must keep his back turned to the passengers, some men take advantage of the fact and smoke cigarettes, pipes and cigars.

"I was on a Christian Hill car this morning," said Mr. Lees, "on which smoking was strictly prohibited. I saw that there were at least a dozen men on passengers. I spoke to the men and told them they ought to be ashamed of themselves for smoking on a car on which so many women were riding and called their attention to the 'no smoking' signs posted in the car. One would think that it would not be necessary to even post a sign to prevent men from smoking on a car in the presence of women, but there are men who will not forego the pleasure of smoking, and who evidently do not believe in signs.

"In order to bring the matter squarely home to them and to put an end to the practice, we are going to ask the board of health to frame an ordinance, with penalties attached, for smoking in street cars. Under such an ordinance we could make arrests and that is probably the only way to stop it."

### NATION-WIDE GOOD ROADS CONGRESS

CHICAGO, Ill., Feb. 8.—"The Relation of Highway and Motor Transport Development to Education" will be one of the principal subjects discussed at the national good roads congress and machinery exposition to be held beginning today according to officers of the American Road Builders' association, under whose auspices the congress will be held.

"Improvement of the highways bears such an important relation to rural and city education," said M. J. Faherty, president of the American Road Builders' association, "that it is beginning to receive a great deal of attention at the hands of educational as well as the other public officials. The improvement of the highway in various sections of the country has made it much easier for school children in the rural districts to get to the schools promptly and with comfort and to reach families and quickly the higher institutions of learning in the cities. Wherever roads have been improved, statistics show that there has been a marked improvement in educational facilities and school attendance."

Census data, compared with road statistics show clearly the relationship between illiteracy and bad roads, according to officers of the Road Builders' association. This date shows that in Arkansas, Missouri, No. Carolina and Mississippi where less than 2 per cent of the roads are improved there were 24,785 native-born white illiterates out of a total population of 7,500,000 whereas in Massachusetts, Connecticut, New Jersey, and Rhode Island, where more than 50 per cent of the roads are improved there were only 25,737 native-born white illiterates out of a total population of 8,625,000.

A large percentage of the country's penitents comes from California because of the bad roads.

### ANNUAL REPORT OF THE AYER HOME

The annual meeting of the trustees of the Ayer Home was held yesterday at the Union National bank. The various reports were read and accepted.

The officers elected were: President, M. A. Rawlinson; treasurer and clerk, Theodore A. Wick. The other members of the board of trustees are: Arthur G. Pollard, Frank E. Dunbar, John B. Sawyer, Fred C. Church.

The president read his annual report as follows: In reviewing the work of the 14th year of the Ayer Home we pause to remember with regret the names of those whose names are so recently associated with it—Jacob Rogers, Dr. Moses G. Parker, Paul Butler, and our late president, Charles P. Young, who passed away June 15, 1920, and it is well that we should. These all served the home with interest, and with the single purpose for its upbuilding and usefulness in the community. Their services were freely given and we now like to think of them as among those who have been accounted worthy to enter into the stately halls of the palace of the King.

During the past year on account of the high cost of living, the expenses of the home were much larger than usual and again we have to thank Mr. Frederick E. Ayer for his usual generosity in coming to our assistance in contributing the extra amount of \$153.25 required.

It is his desire that the home shall care for the most unfortunate, and that those most in need shall receive the benefit of the home.

The home is in excellent condition. A new roof was put on the sun parlor and general repairs on roofs of main buildings during the fall months.

We note with interest the continued growth, vigor and health of the children.

One hundred and sixty-six have been benefited during the year. Average number of children at the home, 33; applications, 17; returned to parents, 27; admitted, 26; average attendance at school, 58; average attendance at church, 58.

The children have been in remarkably good health, although during the epidemic we had 12 cases of measles and seven cases of scarlet fever, which were taken care of at the contagious hospital.

They rank high in school; one girl was graduated from the Bartlett and two from evening high. These have been given situations at the home. After leaving the grammar school homes have been found for some of the girls where they are able to continue their education.

One girl who was placed in the home in 1906 received her education in the public school, was graduated from evening high, then assisted as nurse, and trained the children for their play and entertainments. She was married from the home and is happily situated. This was an unusual experience as she was the first girl to be married and cared for there since childhood.

Parents are expected to clothe their children, and those fortunate enough to have parents are cared for in this respect as far as possible. One or both parents of many of the children are dead; those of others are in parts unknown. We are grateful to the late Dr. Moses G. Parker for the fund established for the assistance in this department.

Christmas was a most enjoyable day. The presence of the trustees and a large number of visitors added to the pleasure of the children. A playlet was given, entitled "Queen Christmas," in which quite a number took part. Many recited pieces and sang songs.

A beautiful turkey dinner was served, which included mince pies, ice cream, nuts, etc. In the evening the children were entertained at the Pawtucket Congregational church.

The trustees desire to express their sincere thanks to Miss Martina Gage for supplying the home with ice, to Mr. William F. Simpson for supplying the accounts, and to Mrs. Bayard Pillsbury, Ralph C. Stewart and Edwin Lamson for their services, and to the following for their generous contributions: Frederick Fanning Ayer, Esq., All Souls' church, Miss Bertha W. Allen, Mr. and Mrs. Josiah Butler, Mrs. M. D. Bryant, Mr. F. Bennett, Mrs. Hildreth, Mr. Winthrop Bartlett, Barry's market, Mr. and Mrs. F. C. Church, J. P. Cutler, Co. and Mrs. B. F. Cutter, Miss Celia Cutler, Mr. V. N. Cutler, Coca Cola Bottling Co., Mr. A. D. Carter, Miss Alice Courtney, Miss Edith Courtney, Mrs. Eunice Cairns, Mr. F. E. Donnan, Mrs. A. C. ## TROOPS PREVENT SERIOUS RIOTS

300 Catholic Youths on  
Parade in Mexico City  
Subject of Attack

Marched in Protest Against  
Attempt to Kill Arch-  
bishop Mora

MEXICO CITY, Feb. 9.—Timely intervention by government troops probably prevented serious disorders in this city last night during a parade of 300 Catholic youths. The parade was held as a protest against the attempt on the life of Archbishop Mora on Sunday night, when a bomb was exploded at his door.

After marching for several hours the

paraders turned toward the home of the archbishop but before he appeared to review them a great crowd of spectators became abusive. The situation became so threatening that soldiers were ordered to drive the crowds from the streets. They fixed bayonets and at their approach the crowd melted away. Later the marchers halted for a moment before the cathedral and doffed their hats, but abusive terms and catcalls from the crowd greeted this show of reverence. The paraders resented this treatment and there were several personal combats.

The procession in which the young men walked 10 abreast with locked arms presented a weird spectacle as it wormed its way through the densely packed and dimly illuminated streets. When the parade entered the narrow Avenida Francisco Madero, which leads to the national palace, detachments of firemen were rushed to the scene to clear the way and to eliminate, as far as possible, any danger of disorder. The banners carried by the young men proclaimed the allegiance of various Catholic societies to the archbishop and the church and deprecated the "treacherous acts of dynamiters."

## Women Interested In Living Conditions

That Is Why Their Keen Sense of  
What to Buy Makes Their  
Judgment Valuable

Show a woman of ordinary judgment an opportunity to meet the present high cost of living conditions in a way advantageous to herself and see how quickly she will grasp it. Intuition sometimes guides her, but not always. It is good, common sense, and nothing more.

It didn't take the women of Lowell and vicinity long to grasp the true meaning and worth of the wonderful bargains offered at the wonderful "Under Foot Sale" being conducted at the Merrimack Clothing Co. They quickly realized what it meant in dollars and cents and realized themselves of the rare opportunities that it presented in the way of meeting the high cost of clothing.

Manager Mahoney received instructions from the directors of the store to slash prices as he never slashed before and he carried out the instructions to the letter. Suits and coats that formerly sold at \$70, \$50 and \$30 are going at \$30, \$10 and \$5, while the bargains in waists, petticoats and other garments are similarly cut one-half and the store is now a regular Merrimack Clothing Co. merchandise. None of those war-time products or seconds specially bought up for this sale.

There are lots of good bargains still to be had, for the stock was large and varied. Come in and look at the price slip and pay the saleswoman just one-half what it calls for. And don't forget the warning that prices for the spring are to be higher.

No changes, no memos, no exchanges. All sales final.—Adv.

## FIGHT TO KEEP JAILS

Charged That "Zealous Reformers" Are Trying to  
Take Them From County

As in the days when Paul Revere spread the alarm to every Middlesex village and farm to summon an indignant and appalled citizenry to fight for the protection of their families and their freedom the alarm cry has been sounded from the office of the county commissioners summoning a patriot constituency to rally to give battle against a "group of zealous reformers, most of whom reside in Boston," who would have the state take over the county's correctional institutions by legislative act. The action is sounded in a letter sent out from the office of the commissioners and signed by all of them. It is printed on super-collendered paper and some of the farmers, "embattled" by the tax collectors, are asking who is paying for its printing and widespread distribution.

"The plan proposed," says the document, "is to take our jails and houses of correction which we, the taxpayers of the county, have paid for and centralized their control under the commissioner of correction of the commonwealth. The figures they have presented are one sided and unfair to the taxpayers of the county and many of the real issues involved are obscured or entirely avoided."

"Their main plea at this time is in the interest of 'economy' and 'efficiency' two magic words. That sound appealing to the casual hearer. About the only figures thus far presented to bolster up their argument are those showing the relative per capita cost of state and county institutions for the year ending September 30, 1920. This particular period was chosen for obvious reasons. It represents a period of low population in county institutions, a period of transition, when a number of county institutions were in process of closing, and a period when all prisons, jails, and houses of correction were nearly full. In presenting these figures, they neglect to enlighten you, the taxpayers, as to certain facts that are vitally important if the question is to be settled in an impartial and fair manner upon merit alone."

"County houses of correction and jails, from their very nature, are so different from the state institutions that fair comparisons cannot be made on a per capita basis. In county institutions, a large number of the inmates are transient and temporary, while in the state institutions the inmates are sentenced for stated terms, many running from two and one-half years to life sentences. The state institutions can immediately be put to work in productive industries, the income from such industries serving to largely reduce the per capita cost of the institution. This, from the nature of the institutions, is not true in the counties."

"The figures presented by the opponents of state control, showing per capita costs in counties, are not accurate, owing to the system of bookkeeping which is prescribed by the state authorities, and figures furnished on such a basis would be set aside as no value by any up-to-date business man."

"In 1910 the state appropriated for administration and support of its various penal institutions, including the state farm, \$565,500. In 1920 the state appropriated for the same purposes (including supplementary budget) \$1,404,399 or an increase of \$838,899 in ten years."

"The appropriation in 1920 for administration under the board of prison commissioners was \$38,200."

"In 1920 the appropriation for administration under the more modern, up-to-date commissioner of correction was \$109,598, a modest little increase of \$71,398."

"Compare the above figures with the following from our own county of Middlesex—"

"Appropriation for support of prisoners in 1910, \$135,000.  
Appropriation for same purpose in 1920, \$150,000, or \$15,000 less."

"The county commissioners have asked for an appropriation for 1921 of \$153,000 or \$15,000 less than last year."

"During the past year the county commissioners have officially closed the Lowell jail, saving the taxpayers more than \$20,000."

"Since 1900 the state tax has increased \$33 1-3 per cent, while the Middlesex county tax has increased but 11 1-2 per cent."

"The Middlesex county jail and house of correction belongs to Middlesex county, was paid for by the taxpayers of the county, and is run by your representatives elected by you."

"Do the people of Middlesex county want their institutions controlled at the state house by an appointive officer who is not directly responsible to them?"

allowed to shoot at the target at the same time and the other boys in the squad are given their turn in rotation. The military instructor keeps an accurate record of the shooting of the boys, which will be totaled at the end of the school year when the boys will be given a final rank. It is probable that the shooters will be awarded ranks and badges according to the requirements of marksmen, sharpshooters and expert riflemen."

Besides actual practice in shooting boys are schooled in the use and care of the various kinds of rifle sights. The rifles used are those which were purchased by the old high school officers' association for their own rifle association. Outside of the slight expense of erecting the movable target board which is placed in front of the bleachers in the drill shed when in use, the only expense incurred in carrying on the rifle practice is for the ammunition."

## GEN. SMUTS ELECTED IN SOUTH AFRICA

CAPE TOWN, Feb. 9.—General Smuts, prime minister of the Union of South Africa, was elected to the house of assembly from the district of Pretoria West, in the elections held throughout the union yesterday. Early returns indicated victory for the South African union party under his leadership. There was some uncertainty as to the vote in the rural districts, but the South African party seemed assured of a good working majority in the assembly.

Enormous majorities were given the South African party in Durban and Cape Town while the labor party suffered a severe reverse in the Rand district. In Cape Town the South African party gained two seats; three in Durban and eight in the Rand, and one in East London.

The victory of the party headed by Prime Minister Smuts is attributed to the fact that working men voted against the secession issue raised by General Hertzog and did not pay much attention to sectional issues raised by labor leaders.

FACE WASHING FOR  
PAINTED GIRLS

BIRMINGHAM, Ala., Feb. 9.—Birmingham girls with beetle complexions artificially produced, are in for a face-washing whenever they appear on the streets in the future, according to Mrs. Hulla Newsome, policeman's wife. She declared today that whenever she sees a young girl with a "chalky white complexion, cheeks of bright red, vermilion pigment on her lips and her nose powdered to the nth degree" she feels like escorting her to the nearest bathing and administering to her face a liberal dose of soap and water. "I am going to do it, too," she asserted.

## BLOUNT'S WORK FEATURE CLASSY CARD ARRANGED FOR TOMORROW NIGHT

Bill Blount, goal tender extraordinaire, formerly a member of the Fall River team, being but recently traded to Lowell, and who while in a "Tiger" uniform did much to win many games for that team was the big attraction in the path of his former teammates last evening at the Crescent rink and his wonderful obstruction work was the outstanding feature in Lowell winning out by the score of 3 to 2.

The "Tigers" as usual launched a terrific attack. In all they gave 56 stops and many of these were of a sensational order. Blount ably assisted aggressively in front of the cage and kept the opposing rushers well out of his circle. By a series of quick and accurate passes he kept the play right near the cage. The spectacular work of the Lowell goal tender found abundant appreciation from the fans.

Red Williams, who was injured last Thursday night, was not in the Lowell lineup. He has gone to his home in the west to resume this season. In his place Leo Mulligan appeared and he turned in a very creditable exhibition. He teamed up with Harkins and succeeded in scoring three goals. Sox Quigley was also very much in the line light. He played bang up polo all the way, and at the outset gave Lowell a good start by hammering two into the net.

Big Fred Jean, Frank Hardy, and Pierce and Alexander were very industrious, and all took part in the hard-battle of Blount, but their efforts were nullified by the goalie's classy blocking and blocking. Lowell's two goals by Quigley represented all the scoring in the first period. In the second period, Harkins and Pierce and Mulligan, in the final stanza Mulligan shot in three in a row, then Hardy came all the way up the floor and got one.

A minute later Alexander registered a good nightshot. The lineup and summary:

Fall River at Providence.

**POLO NOTES**  
New Bedford will play here Friday night.

Lovegreen played goal for Fall River. His work suffered terribly by comparison with that of Blount.

While Blount's 56 stops did not shatter any record he gave about the best exhibition of goal tending seen here this season. His all round aggressiveness and his clever use of the stick add much to his general effectiveness.

Quigley is a fast, hard working player. He has already made a great hit with the fans.

Ferdie Harkins played his usual heady and speedy game.

Red Williams may be out of the league for the rest of the season as a result of the injury he sustained a week ago.

Frank Hardy, formerly of Lowell, was given a good reception when he hopped into the cage.

**AMERICAN IN OXFORD CREW**  
OXFORD, Eng., Feb. 8.—F. B. Lotter, of Trinity College, who rowed in the Harvard crew last year, is now rowing No. 5 on the Oxford university eight. So far this term he has been out with the crew on every practice trip. Since many other candidates who were with him in the first year, last term are only going out with the university crew for an occasional trip, it looks as if he is assured of a place in the second Oxford team to race the Oxford crew. The first was Deviant Milburn, who next April is coming over to England as captain of the All-American polo team.

Another member of the Harvard crew of last year, W. Jordan, who has just come into residence at Trinity college this term, is also prospective material for the Oxford team, according to several English sporting writers.

## HARDING ENDS FLORIDA VACATION

DAYTONA, Fla., Feb. 8.—President-elect Harding declared his Florida vacation at an end today and prepared to turn his attention once more to the serious problems that must be solved before inauguration day. Deciding to delay his work no longer because of the idleness of the houseboat, Victoria, which has been stranded for two days on a mudflat in Mosquito lagoon, the president-elect packed his belongings and made his plans to complete the trip to St. Augustine by rail. That city will be his home during the remainder of February.

The Victoria, on which he left St. Augustine Jan. 22 was to have completed her cruise to Miami and back by last Sunday night. Repeated trouble in threading the Indian river channel has put her so far behind the schedule however, that it is doubtful whether she can reach St. Augustine before Friday.

Dunnigan was defeated by former Representative William J. Quigley by the narrow margin of 12 votes. It is said that the friends of both defeated candidates will petition for a recount.

## WAS LAID AT REST TODAY

Large Attendance at Funeral  
Services of the Late  
Martin Halloran

With impressive services and manifestations of intense sorrow for deceased and widespread sympathy for his bereaved relatives, the mortal remains of Martin W. Halloran were consigned to their final resting place in the Catholic cemetery this forenoon.

The fact that deceased had to respond to the call of death without the slightest warning, and while apparently in the enjoyment of good health, accentuated the sorrow for his passing and brought widespread expressions of condolence from his host of friends in Lowell and elsewhere. Deceased was widely esteemed on account of his genial, kindly and cheerful disposition and his devotion to his friends.

Not for a considerable time has such a largely attended funeral cortege passed through our streets as that which left the family residence at 258 Rogers street this morning and proceeded to the immaculate Conception church, where a solemn high mass of requiem was celebrated at 10 o'clock. The great edifice was almost filled with the relatives and friends of deceased, among those present from out-of-town being Mr. and Mrs. George Gray of Malden, James Mack of Jamaica Plain, Thomas Mack of Beachmont, Miss Catherine Lynch of Manchester, N. H., Mrs. Wholey and Mrs. Maloney of Ayer Junction, Rev. Lawrence F. Tighe, O.M.I., was celebrant of the mass, Rev. Dr. McDermott, O.M.I., deacon and Rev. James B. McCarroll, O.M.I., sub-deacon, while Rev. David Murphy of North Billerica and Rev. Francis Shea of St. Peter's parish occupied seats in the sanctuary. The Gregorian choir was rendered by an augmented choir, the solos being sustained by Charles P. Smith, Andrew McCarthy, John Flynn, Miss Catherine McQuaid, Miss Catherine McQuaid and Mrs. William Martin. At the offertory Mr. McCarthy sang "Domine Deus Christus" and as the body was being borne from the church the choir rendered the "De Profundis," the solos being sustained by Mr. McCarthy.

Attending the funeral services was a delegation representing Lowell lodge of Elks consisting of Peter H. Donohue, Henry W. Garvey, Timothy F. Donohue, Cecil Keefe, William Johnston and Michael Markham. The bearers were Michael Winn, Joseph Galvin, Martin Galvin, Commissioner James E. Donnelly, John Maloney, John Cryan, William Merritt and John Winn.

The high esteem in which deceased was held by his numerous friends and associates was indicated by an array of beautiful floral tributes, many of them expressing with touching tenderness the condolence of devoted friends, notably those of the Lowell lodge of Elks, the Arlington Associates and the business men who had been associated with deceased in the Saunders' market enterprise. The flowers filled a large touring car and completely covered the grave. At the graveside the services were conducted by Rev. Joseph McCarroll, O.M.I., and Rev. Owen P. McQuaid, O.M.I. Funeral arrangements were in charge of Undertaker Peter H. Savage.

## MAY BE "LEGALLY DEAD"

Attorney General Puzzled  
Over Failure of Sheriff to  
Hang Negro on Date Set

BATON ROUGE, La., Feb. 9.—Lonnie Eaton, the man the sheriff forgot to hang, may be dead legally. Attorney General Cocco frankly admitted today he did not know, but reports from Ouachita parish prison where Lonnie has been taking, legally or illegally, his regular three squares a day, ever since his execution was delayed by Sheriff Grant Feb. 4, do not indicate that his appetite has suffered because of his possible demise.

Sheriff Grant wrote the governor yesterday that in the press of civil and criminal matters Feb. 4, he utterly forgot the mandate to put the negro, convicted of the murder of a white man, to death on that day. The sheriff did not know what to do about it. He had no warrant to execute his prisoner on any other day, and asked for instructions.

The governor turned the matter over to Attorney General Cocco, who is raking the law books for precedents. It was said the once in jeopardy principle of law might prevent any execution. In the meantime the negro is physically alive and the board of pardons still has before it an application for clemency.

## Fined for Keeping Liquor

Continued  
last night for drunkenness, an unidentified man charged her also with larceny of \$15 from his person. He failed to appear in court this morning, however, and this charge was not pressed. The Tremblay woman was given a three months' sentence in the house of correction, and this was suspended for six months to give her an opportunity to leave Lowell, and return to Nashua, which she gave as her home. She was here on a visit, she said.

Wittred Fournier, who appeared in court yesterday on drunkenness charges, was in the dock again today, the case having been continued to investigate his statement that he was with the army in France at a time when he is booked as having been arrested here on a former charge of drunkenness. Fournier admitted this morning that he had made a mistake, and attributed his lapse from facts to "jangle sickness." This is his third offense, and a \$10 fine was imposed, which he was given until Saturday to pay.

Edward F. Keefe, charged with assault and battery on his wife, was released on his personal recognizance for \$100, the case being continued one month.

## TO NAME AMERICAN CARDINAL MARCH 3

ROME, Feb. 9.—It was stated today in well informed Vatican quarters that the choice of an American cardinal to succeed the late Cardinal Farley of New York, had now been definitely narrowed down to the Most Rev. Dennis J. Dougherty, archbishop of Philadelphia, and the Most Rev. George W. Mundelein, archbishop of Chicago, one of whom, it is stated, will be named by Pope Benedict at the next secret consistory.

The date of the consistory is March 3, according to authoritative Vatican reports.
